

OUR BASE VILLAGE - NEPLY

Temporary Building in Neply for 2000 people.

Neply is the base village for our Mission work. Without the Faithful workers we have from this village, many of our other programs and ministries would not be happening today. Neply is our strongest village with the most mature Christians who have been taught well and have learned how to reach out to others as we enable them. They continue to send Haitian prayer teams and ministry teams to our other villages and churches to teach them what they have been trained to do as disciples. Since the earthquake, we have seen even more spiritual growth in Neply and many new people have accepted Christ including 3 voodoo priests from the area.

Our former church in Neply was damaged so the part that is safe enough to enter is being used to hold our food supplies. A new temporary building has been erected which not only acts as a church but a community center to run many programs out of and holds approximately 2000 people.

This temporary building will not last forever but will suffice until we can raise enough funds to build a permanent structure on the land. A security wall is being built around the property, public toilets and an artesian well was drilled where people come to get clean water.

We are not just Building.....We are Building Lives!!

All donations, school sponsorships, gifts and monthly support should be sent to...

HOPE IS BEING RESTORED - HELP US - KEEP IT ALIVE!!

Ti-Brache School

Workers get fed each day.

Drilling Rig for new wells.

Placehor School

We are thrilled that the rebuilding in Haiti has started! To see things moving ahead has given the people in our villages so much hope again for their future. We are currently building in 3 villages which gives our families jobs and hot meals daily when they are involved helping with our projects. Many schools were completely damaged during the earthquake, so it is important that we put a focus on education so children can continue going to school. In the village of Ti-Brache the first phase of a new Primary School is under construction. Many families of the children who will go to this school are involved

in the building project. The Haitian men are hired to build and the women are hired to cook hot food for the work teams. It is important to keep the Haitian people busy which aids in the healing process from the loss they have suffered in their lives. On May 12th the drilling rig came on site to start drilling a new well in Nepty. Fortunately they went deep enough to find artesian water which is a never ending supply of clean water—now we can pipe it to the Homeless Shelter and Future nursing home properties where those 2 wells were destroyed in the earthquake. We are also drilling a well in the village of Ti-Brache for the people there.

Mathew 25: 35-40..... ³⁵For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in, ³⁶I needed clothes and you clothed me, I was sick and you looked after me, I was in prison and you came to visit me.' ³⁷Then the righteous will -answer him, 'Lord, when did we see you hungry and feed you, or thirsty and give you something to drink? ³⁸When did we see you a stranger and invite you in, or needing clothes and clothe you?' ³⁹When did we see you sick or in prison and go to visit you?' ⁴⁰The King will reply, 'I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'

Your help is needed more than ever. If you cannot give, then please help us be a voice for Haiti and share the need with others who can!

We have helped restore hope to the Haitian people.....

”PLEASE....

HELP US.....

”KEEP IT ALIVE!”
