Joy is in Haiti! 4.7 Earthquake Hit Haiti This Morning!

Joy along with two of our Haiti Missions board members (Joe Jones & Dave West) have been in Haiti since Friday. This morning they were woken up by a 4.7 earthquake! They were able to contact us and assure us that they are safe and were not harmed in the quake. They were also able to post a video on Facebook of their report on this mornings events. Please visit this link to watch the video:

Due to the bad internet connection they could only post the video to our Love Haiti group on Facebook. Once they return from their trip we will also make these videos available on our lovehaiti.com site.

Below are some photos from their trip.....we will be sending out more reports of their trip in the days to come!

Please continue to pray for Joy, Joe, Dave and the Haitian people!

We want to thank you again for all of your prayers and financial support! Without you we would not be able to help these people in their greatest time of need!

May God continue to bless you for your heart of love for the Haitian people!
